

About us and our aims

EUNET, the **European Network for Education and Training e.V.**, is a network that brings together NGOs that inform and educate people of all ages about Europe or spread the European idea in any other way.

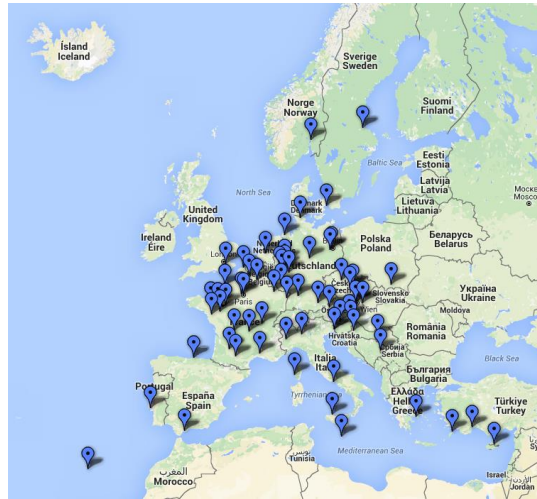

EUNET's aims are to intensify the exchange of experiences, to improve the quality of our offers as well as to develop and distribute methodical-didactic material and simulations. Plus, we try to inform more people about our members' activities.

EUNET offers further education for employees – full-time and honorary – of institutions focusing on European policy. We also represent the interests of organisations for information and education towards other regional, national or European institutions and sponsors.

EUNET unites, coordinates and pushes forward the several efforts of its members to encourage European integration and to especially involve Europe's citizens into and inform them about this process.

Our members

EUNET has 67 European Education centres in 21 countries as members.

The **European Network for Education and Training – EUNET e.V.** is financially supported by the European Commission within the programme „Europe for Citizens“

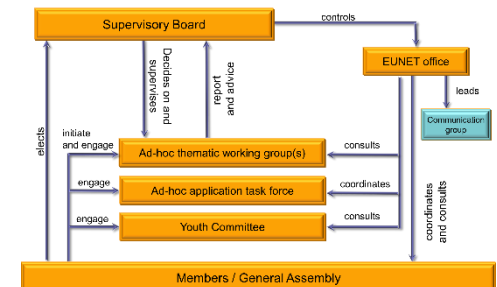

Co-funded by the
Europe for Citizens Programme
of the European Union

How we are organized

The **European Network for Education and Training e.V.** was founded in Brussels on July 10th, 2004. Convinced that in order to represent the idea of a united Europe it is essential that the several European partners work together as a whole, the representatives of educational organisations in seven EU-countries decided to found an association according to German law.

EUNET is party political and confessional unbound and officially registered as a non-profit organization.

EUNET is based in the city of Hennef.
